Back

Please draw your desired pad design and  
include your color choices.

### DIMENSIONS:

☐ Standard: 32"x32"x1.5"

These pads are built on a 32x32 grid, final measurments are often .5-1" greater in each direction. Reccomended thickness is 1.5", this will compress over time and has proven to be great for both ranch and arena work. Dimensions can be adjusted for an additional charge.

### LIST DESIRED COLORS:

View attached pages for dyed color options. Natural colors included at base price are: off-white merino, light grey herdwick and dark grey herdwick.

-----

-----

-----

-----

-----

-----

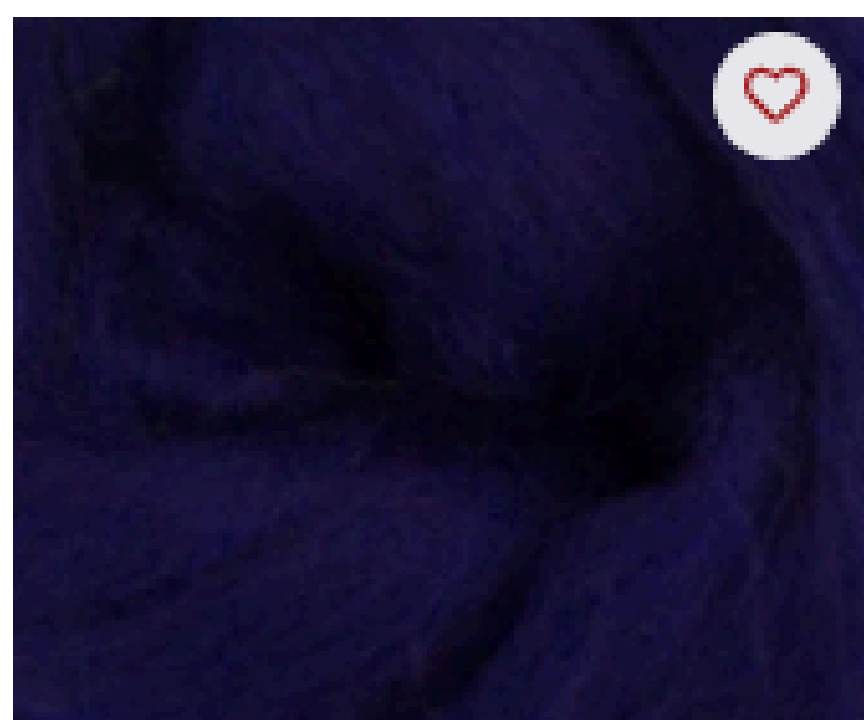

Please give me the **name** of the colors you would like from the list so we don't order you the wrong shade. For example: "Duck Egg" instead of telling me you'd like a teal color.

## NOTES:

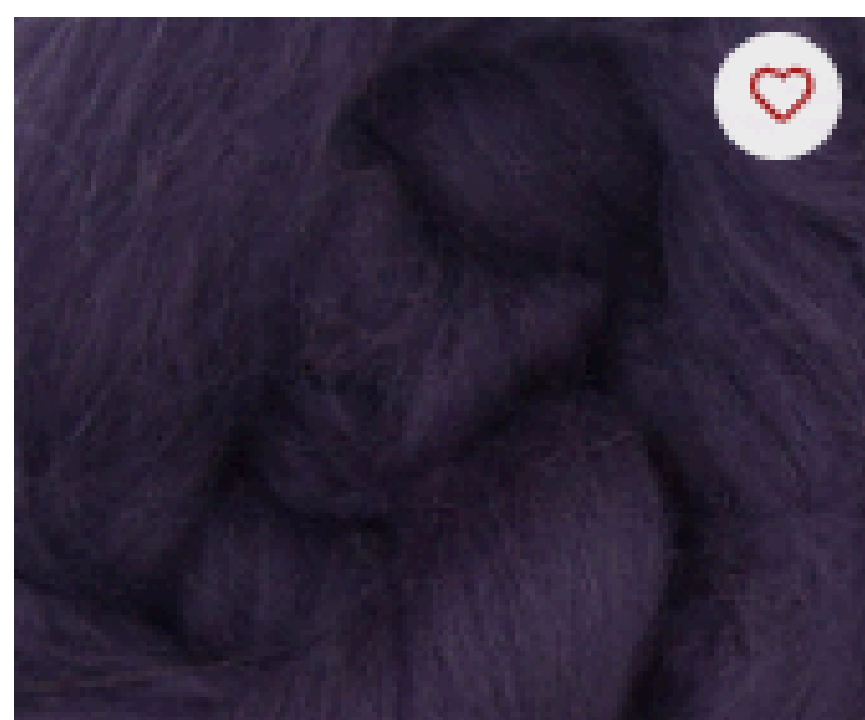

Once this information is received by War Knot Wool, we will send you a quote to make sure you are aware of what your pad will be priced at with your design/color choices. Base price on pulled wool saddle pads is \$425 + shipping. Price will increase with the addition of dyed wool/designs.

By signing this, I acknowledge that all placed deposits are non-refundable. I acknowledge that my saddle pad will be completed and delivered to the mailing address listed above at completion and that all design choices are finalized once my deposit is received by War Knot Wool LLC.
